22 What changes to the module or its delivery would improve your learning?

Showing all 35 responses	
The lectures are very uninteresting. Everyone zones out, or goes on their phones.	309620-309612-26808631
The timetable.	309620-309612-26808629
It was mentioned we would be given a moodle tutorial this has not happened. I am feeling oberwhelmed with moodle and cannot use it	309620-309612-26808636
It's a lot of work in a short amount of time, which can sometimes get stressful.	309620-309612-26808662
Possibly more theory	309620-309612-26808646
The module is too big for such a short time we should at least do the relevant work imduring the lessons like other modules rather than choosing a topic and then having to do the same thing at home what we literally just did in the lesson is pointless we should just be able to do it on our topic straight away to get it done.	309620-309612-26808613
Weekly projects don't allow me to develop my ideas as there is not enough time.	309620-309612-26808651
everything	309620-309612-26808624
I cant think of anything at the moment	309620-309612-26808622

Structure of the module	309620-309612-26808709
Some of the publication sections are too controlled, it would be better to have a bit more freedom to explore our question in our own way	309620-309612-26808618

freedom to explore our question in our own way	
Focusing on one thing	309620-309612-26808670
Some tasks are too controlling which can make it difficult and give you less space for creativity	309620-309612-26808621
The lectures I find hard to concentrate in sometimes I wish that there was allotted time to have reviews on our sketchbook development.	309620-309612-26808714
---	309620-309612-26808612
A clearer description of the overall task aswell as an effective way to present it,that way we kill two bird with one stone and the module runs smoother and more efficiently	309620-309612-26808639
More interaction from other peers with more commitment. I feel like some peers don't care enough.	309620-309612-26808619

Less 9am's	309620-309612-26808725
More communication with peers	309620-309612-26808647

More feedback and explaining the task more.	309620-309612-26808812
Uploading thigs on padlet makes me feel "exposed" and anxious. I'd prefer emailing my work to Paula in order to get feedback.	309620-309612-26808726
Better students understanding in taking tasks seriously, because when we need to say critic not all of them says it, also not all of them seems to love communicate	309620-309612-26808661

I think everything is really good right now. Just I guess as every student I would like to have more time to finish my works	309620-309612-26808655
Help on knowing how to shape sketchbook. Understanding requirements on how to submit work for deadlines.	309620-309612-26808660
Not giving feedback to other students	309620-309612-26808724
1. More examples of what we can do for our tasks 2. More brainstorming sessions	309620-309612-26808702
i think that some of the weekly tasks aren't helpful to our progression. Such as the sixteen drawings we had to do. We then had to redo 8 for the following week. I found this excessive. Although most other tasks are definitely better	309620-309612-26808649
more time	309620-309612-26808654
Less lectures and more focus of the style of work we need to produce.	309620-309612-26808982
